- i. implementing and maintaining appropriate information, reporting and statistical system.

### 5. Applicable Legislation

Sydney Heritage Fleet recognises that all workers (as defined in Clause 3 above) must observe and comply with all laws that relate to their engagement, including, but not limited to:

- Work Health and Safety Act 2011
- NSW Work Health and Safety Regulation 2017
- NSW Workers Compensation Act 1987

- NSW Antidiscrimination Act 2011
- Fair Work Act 2009.

AS/NZS ISO 45001:2018 will form the benchmark for assessing Work Health and Safety within the Sydney Heritage Fleet.

All operational vessels under survey, when at sea or at the dock, must operate in accordance with relevant Australian Maritime Safety Authority (AMSA) Marine Orders, Regulations and Standards.

## **6. Implementation of this Policy**

The Board of Sydney Heritage Fleet is responsible for ensuring that the Fleet complies with its obligations under the Acts and other legal requirements referenced in Clause 5.

To achieve this outcome the Board will:

- ensure that there is a Safety Committee which is to operate under terms of reference approved by the Board;
- monitor the performance and effectiveness of the Work Health and Safety program at each Board meeting;
- ensure they are informed about relevant legislation and regulations;
- review the Work Health and Safety Policy on an annual basis;
- ensure that resources are allocated to support a fully compliant workplace;
- act expeditiously when notified of any Work Health and Safety related incidents or actual or potential breaches.

Further, the induction of and ongoing advice to all workers associated with Sydney Heritage Fleet will emphasise their obligation to:

- comply with safe work practices
- take reasonable care of the health and safety of themselves and others
- wear personal protective equipment and clothing where required
- comply with any direction given by management for health and safety
- not misuse or interfere with anything provided for health and safety
- report all accidents and incidents on the job, to management
- fix or report all known or observed hazards to their supervisor or manager.
